BRITISH RECAPTURE 150 YARDS OF TRENCH

Official Statement From Berlin Claims Capture of 675 Allied Prisoners

LONDON, May 10.—British and French troops have completely re-established their positions between La Clytte and Voormezele, Field Marshal Haig announced in his night report. Regarding this fighting, the German war office said that "south of Diekebusch lake our local attacks were completely successful."
"On the east bank of the Yverbeek (which flows northeastward into Diekebusch lake) we stormed enemy positions on a front of two kilometers (one and a quarter miles)," the Berlin statement said. "An attack on Reningsel-Kemmel road was repulsed and we took 675 prisoners."
Haig reported that the Germans launched two local attacks yesterday morning in the neighborhood of Albert and Bouzincourt (three miles north and west of Albert). The latter completely broke down, he said, while the former resulted in the capture of their forward positions on a 150-yard front.
The French war office reported only "marked artillery activity on the Hailles-Montdidier front (which takes in both positions occupied by the Americans in the Amiens sector)."

RECAPTURE TRENCH; ARTILLERY ACTIVE

LONDON, May 10.—British troops yesterday evening recaptured the small portion of a trench (150 yards) which the Germans took north of Albert in the morning. Field Marshal Haig reported today. Elsewhere there was only artillery activity.
"A small portion of a trench which the enemy gained northwest of Albert yesterday morning was recaptured in the evening," the report said. "We took a few prisoners."
"Hostile artillery was active between the Ancre and Somme (in Picardy) and at different points on the Lys battle front (in Flanders)."

LONDON, May 10.—Field Marshal Haig today issued a special order of the day, conveying his appreciation of the "splendid service rendered by the royal artillery at all stages of the Somme and Lys battles, despite the difficult conditions of a defensive fight against greatly superior numbers."

LONDON, May 10.—The bulk of the German reserves are still held on the Amiens front, indicating probable renewal of the attack there, a report from General Radcliffe, director of military operations, announced this afternoon.

The Germans during the past week have put a considerable number of fresh divisions on the Flanders and Somme front, which is satisfactory, in that it shows the Allies are tapping the enemy's reserves, Radcliffe further announced.

GEN. MAURICE-LLOYD-GEORGE AFFAIR APPARENTLY CLOSED

BY ED L. KEEN

(United Press Staff Correspondent)
LONDON, May 10.—With Premier Lloyd George's victory, the General Maurice affair is seemingly closed, insofar as it affects the government, adding another to the string of the premier's political triumphs. The chief feature outstanding is the evident appearance for the first time during the war of organized opposition to the government.

Some of the newspapers supporting Lloyd George declare it marks the turning point in the war relations of the parties. They think an open political war has been declared and see the whole affair as a political plot to oust the government. They regard the vote on Herbert Asquith's motion for the appointment of a parliamentary committee to investigate the charges against the premier and

40 Per Cent of Class 1 to Be Called in 1918

Total Number of Available First Class Men Is 2,013,495 Announced Today

WASHINGTON, May 10.—Approximately 40 per cent of the men in the United States now listed in class one will be called to the colors this year. The total number available—2,013,495—was made public today by Provost Marshal General Crowder, following the decision of the House late yesterday, determining that draft quotas shall be based on the number in this class, no credit being given for volunteers.

United States Casualty List

WASHINGTON, May 10.—Today's casualty lists contain the names of 21 men, including four killed in action, one missing, one lost at sea, one dead of wounds, three dead from disease, one dead from accident, three wounded severely and seven wounded slightly.

The missing soldier is Lieut. Gustave H. Kissel, son of Rudolph H. Kissel, New York.

Another victim of the Tuscania disaster has been identified and buried. He is Private Carroll J. Scully, Toledo, Ohio.

Killed in Action—Sergeant Douglas Day, Line Park, Kentucky; Corporal Al Drellich, Passaic, N. J.; Private Lester R. Ludwighouse, Oakland, Cal.; Private Karol A. Durasky, Washington, Pa.

Died of Wounds—Cook Frank W. Dzinski, Torrington, Conn.

Died of Disease—Corporal Luther McManis, Greer, S. C.; Private John Poole, Holly Grove, La.; Private Geo. P. Shepherdson, Philadelphia.

Died of Accident—Wesley Clyde Wagoner, Waterloo, Iowa.

Wounded Severely—Privates Frank Fred Devereaux, Oakland, Cal.; Kenneth A. Field, Rutland, Mass.; Adolph Hiller, Brooklyn, N. Y.

Wounded Slightly—Lieut. James H. Fiscus, Greensburg, Pa.; Corporal Wm. Saint Martin, South Manchester, O.; Private Herbert A. Shipley, Manchester, Ohio.

U. S.—CANADIAN LIST
OTTAWA, Ont., May 10.—The following Americans are mentioned in today's Canadian casualty list:

Wounded: N. Bellas, Detroit, Mich.; Henry Bromberg, Tracey, Minn.

Gassed: J. P. Redd, Borden, Ind.

BROWNING GUN TEST
CAMP KEARNY, Cal., May 10.—The new Browning gun—which is the small edition of the Browning machine gun—has been given its first test at Camp Kearny and officers and men are enthusiastic.

Targets set up at 200 yards were mowed down with accuracy and telling speed. Lieut. John Chase scored 37 punctures in one target, the high score of the demonstration, while four other officers scored 27 hits each in their initial performance with Uncle Sam's new weapon.

The public is greatly interested in America's attitude regarding the Maurice affair. Long quotations from the American press are published in the London papers.

AMERICAN GUNS DESTROY HUN POSITIONS, PICARDY

German Effort to Take U. S. Prisoners Is Without Result on This Front

ENEMY RETIRES FROM FRONT LINE AT NIGHT

American Officer and Two Infantry Companies Awarded French War Cross

BY FRED S. FERGUSON
(United Press Staff Correspondent)

WITH THE AMERICANS IN PICARDY, May 10.—Fierce bombardment of German positions by American artillery has demolished the church at Cantigny and several adjacent buildings, blown up machine gun emplacements and post command positions at Fontaine-Sous-Montdidier and Courtemanche and started a fire at Mesnil-St. Georges. The church at Cantigny was being used for observation by the enemy.

The bombardment lasted all night. The concussion of the heavy guns rocked the entire front. At the same time the 75s poured in a hot, harassing fire.

The Germans are making the strongest efforts to capture Americans, but without results. Not a single American prisoner has yet been lost on this front.

Forty of the enemy attempted to rush a section of our trenches, throwing grenades as they advanced. They were repulsed before they penetrated our entanglements, leaving two dead on the wires. Their other casualties are not known.

Later an attempt was made to capture one of our advanced posts, but it too, was repulsed.

An American sentry who shot a German dog, found a note in the message box on his collar from an enemy officer, asking permission to change his post of command.

BOCHES SHOW FEAR OF U. S. SOLDIERS

BY FRANK J. TAYLOR
(United Press Staff Correspondent)

WITH THE AMERICAN ARMY IN LORRAINE, May 10.—The Germans opposite the American lines in Lorraine continue to show evidence of uneasiness. They are speeding up their machine gun and artillery fire evidently seeking to forestall any aggressive action by our men.

Despite the fact German officers tell their men that the Americans here are few in number, according to enemy prisoners, the boches have become absolutely unaggressive, so far as infantry combats are concerned. They retire from their front lines every night, our patrols have discovered. German deserters are continually coming into the American lines.

Officer is Decorated
Lieutenant Cassidy of Wichita, Kan., has been decorated with the Croix de Guerre. He took a patrol, under cover of darkness, 40 yards inside the German lines. The patrol captured a German position, killing several and bringing back four prisoners. They crawled all the way back to their trenches on their stomachs, owing to fumes sent up by the Germans. The raid was made without assistance from American artillery.

Infantry Gets War Cross
Companies I and L of the Ninth Infantry also received the French war cross. They beat off a German attack April 14 north of St. Mihiel when enemy troops entered the American trenches under a barrage, dressed in French uniforms and yelling "gas alarm" in French and English. The ruse failed and the attackers were driven off, leaving a number of prisoners and sixty-one dead.

Write Home to Mother
Every doughboy and officer is writing to "mother" in observance of Mothers' Day, May 12.

General Pershing sent the following message to the field commanders: "I wish every officer and soldier of the American forces would write a letter on Mothers' Day. This is a little thing, but the letters will carry back our courage and affection to the patriotic women whose love and prayers inspire us and cheer us on to victory."

MAP of Mexico showing the sections in which the five rulers live. They are, left to right, Esteban Cantu, Pancho Villa, Venustiano Carranza, Emiliano Zapata, and Salvador Alvarado, whose assassination has been reported but not confirmed.
Hell is about to pop in Mexico. German agents are fomenting disorder there, in an attempt to raise a demand in the U. S. for American intervention. You may expect three things:
FIRST, more border raids by organized or unorganized bandits.
SECOND, attacks on Americans and American property in Mexico.
THIRD, attempts to confiscate American property by high taxes or exorbitant license fees, and repudiation of existing concessions to American firms.

BULLETINS

7 SOLDIERS KILLED IN TRAIN WRECK

COLUMBIA, S. C., May 10.—A troops train carrying the advance guard of the 221st infantry, leaving Camp Jackson, was wrecked this morning on a high trestle near the camp. Seven soldiers are dead, ten others are seriously injured.

A wheel under one coach broke just as the train reached the trestle, causing the car to go over. It pulled two other coaches over, smashing the lower car. There were 65 men in the coach.

STEPS FOR "WAR BODY" TAKEN BY COMMITTEE

WASHINGTON, May 10.—The senate military committee is about to become the "committee on the conduct of the war." Senate leaders long believing congress should have a war body, to keep in direct touch with the work of the executive department in war program, took the first step by enlarging the military committee. The second step is pending in the form of a resolution empowering the military committee or any sub committee thereof to investigate war department activities, to sit while congress is not in session, and to spend money and employ investigators.

CHARGE BORGULM WITH BAD FAITH

WASHINGTON, May 10.—The government has strong evidence that Gutzon Borglum, the sculptor, was promoting a private airplane production company while carrying on his sensational probe of the aircraft production board.

Men with whom Borglum was to be associated in the proposed new stock company presented evidence alleging Borglum used his acclamations and personal associations with the aircraft board as a means of furthering his own interests with the company, planning to overthrow the existing personnel of the board, and bring about appointment of officials more friendly to him.

ROSE FLOWER SHOW

PASADENA, Cal., May 10.—Because the rose—hailed in the southland as queen of flowers—didn't have her spring dress ready for the April flower show here, she is having a show all her own.

It opened at the Hotel Maryland, and today and tomorrow roses of every sort and color—the choicest of Southern California's gardens, will be on display. Thirty professional and 24 amateur prize classes are open to competition.

BLOCK HARBOR ENTRANCE AT OSTEND BY SINKING CONCRETE-FILLED SHIP

Operation Begun April 23 to Close German Ports Was Completed Last Night; British Casualties Light; Only One Motor Launch Damaged and Sunk In Successful Expedition on Belgian Coast.

LONDON, May 10.—British naval forces again raided the German naval base at Ostend, on the Belgian coast, blockading the entrance to the harbor by sinking the old cruiser Vindictive, which participated in the recent raid on Zeebrugge, it was announced today.

"The Ostend-Zeebrugge operation, designed to close the ports, was completed last night," the admiralty declared.

"The obsolete cruiser Vindictive was sunk between the piers across the entrance to Ostend harbor."

"Since the attack on Zeebrugge April 23, the Vindictive had been filled with concrete."

"Our forces returned to their base with the loss of one motor launch. It was damaged and was then sunk to prevent its falling into the enemy's hands. Our casualties were light."

The previous raid, which was carried out early on the morning of April 23, was conducted simultaneously against Ostend and Zeebrugge. The latter port is believed to have been completely blocked through the sinking of two concrete filled cruisers in the channels. The mole also was damaged by the blowing up of an old submarine filled with explosives and through the planting of bombs by a boarding party.

The raid on Ostend, however, was frustrated when a high wind dispelled the smoke screen protecting the British ships and permitted the German shore batteries to sink the blockade ships before they gained their objective.

One British destroyer, two motorboats and two launches were lost at Zeebrugge and the casualties were exceedingly heavy. In last night's attack only one motor launch was sunk, the admiralty said, and the British casualties were light.

French forces participated in the previous raid, Sir Eric Geddes, first lord of the admiralty announced, and from semi-official sources it was learned that Americans also had taken part. In the first surprise of the previous attack, the Germans at Zeebrugge believed the raid was being conducted by Americans, defenders of the mole shouting, "The Americans! The Americans!"

Ostend is located on the North Sea, eight miles east of Westend, where the battle lines touch the coast. It is sixty-one miles from Dover and 115 miles from London. Zeebrugge is 13 miles east of Ostend.

Both Ostend and Zeebrugge are connected with Bruges, the principal German submarine base in Belgium, by canals. Bruges is 13 miles directly east of Ostend.

Unlike Zeebrugge, however, Ostend is not protected by a big, armed mole such as defends the former city from the west and north. Two short jetties project out on both sides of the entrance to the channel. The channel is about 100 meters wide and 500 meters long. At the point where it joins the canal there are several rocky basins on each side. The town, which has a population of about 45,000 lies on the west side of the canal.

The old cruiser Vindictive which was sunk last night in the Ostend channel was the "flagship" of the previous raid on Zeebrugge and landed the boarding party on the mole. She was built in 1897 and had a displacement of 5,750 tons. She was 320 feet long, had three funnels and carried a complement of 480 men. Her main battery consisted of ten six-inch guns.

At Plainfield the tornado cut a path through the country a mile wide and three miles long. Scores of houses were damaged and much livestock killed. At least a score of persons were injured slightly.

The pupils of Jefferson school near there were saved from injury when their teacher, Miss Vera Deistler, led them from the building and forced them to lie in a big ditch. A few minutes after the children were out of the building the structure was wrecked. This was learned by telephone from Waterloo.

BABY THROWN TO TOP OF BARN; MAY DIE
MUSCATINE, Ia., May 10.—Dozens of houses and farm buildings were wrecked, more than a score of persons were injured and thousands of dollars' worth of property was damaged in a tornado which swept a freakish path perhaps 250 yards wide through Muscatine county last evening shortly after 6 o'clock. The three-year-old son of Mr. and Mrs. William Houseman, was torn from the grasp of the mother and hurled through space until it struck the top of a barn. The child may die. A dozen victims are in local hospitals.

GREAT HAVOC IN TWO IOWA COUNTIES
DES MOINES, Iowa, May 10.—Six persons are known to be dead today, six others are reported dead, more than a score were injured and property damage amounting to thousands of dollars resulted from a tornado which swept Chickasaw and Winneshiek counties in northeastern Iowa late yesterday.

Telegraph and telephone wires in the storm-swept area are down and only meager details of the storm have been received here.

One tornado struck near Nashua, in Chickasaw county, and ripped its way northeast eight miles to Republic. Another struck five miles southwest of New Hampton, destroying forty farmsteads. This storm struck the south edge of New Hampton.

RED CROSS AUCTION
SACRAMENTO, Cal., May 10.—Farmers of the Sacramento County Grange raised \$1000 for the county branch of the Red Cross at their annual picnic. And they did it in an unique manner.

The day before the picnic each farmer donated a pig, calf, colt, chickens, ducks or some other barn yard citizen and the collection of animals and birds was auctioned at the picnic. The bidding was spirited. One lowly hen brought a price that would have made a full grown cow bawl with pride.

SILK IN CALIFORNIA
MARYSVILLE, May 10.—Every ounce of the \$150,000,000 worth of silk America uses annually can be produced in the valleys of the Yuba and Feather rivers, California, according to Guy Wilkinson, who addressed the Marysville Chamber of Commerce on the subject.

As a result, Yuba and Butte county farmers propose to do it. Wilkinson has backed up his opinion by investing \$100,000 himself in silk growing in the Wyandotte and Bangor districts of Butte county.

REVIVED DIVORCE ACTION IS TO BE TRIED ON JUNE 19

Intimated Here That Bigamy Charge Has Been Brought In the East

June 19 has been set as the date for the trial of a divorce action brought years ago by Frederick Burkhardt against Stella Burkhardt. Burkhardt got a decree. A few months ago the wife found out that the decree had been given. She had never been served with summons, and proper publication had never been made for summons. The case was re-opened and Burkhardt's divorce was set aside.

Some time after getting his decree here, Burkhardt went East, where he is married and has children. It has been intimated that bigamy proceedings have been started or will be started against him. That, however, will be no part of the trial here. Mrs. Burkhardt lives in Los Angeles.

JURY FAVORS MORE BEACH SAFEGUARDS

SAN DIEGO, May 9.—A coroner's jury late yesterday rendered a verdict in the cases of two soldiers from Camp Kearny who were among those drowned in the accident at Ocean Beach Sunday, when thirteen persons, most of them from service camps, and about this city, lost their lives in a sudden tide rip. The jury decided that the deaths were "due to unusual conditions of tides and currents prevailing on that day," and recommended that much extra life-saving equipment should be installed at the beach by the city.

HOPING TO AVOID JAIL, TURCK GOES TO APPEAL COURT

Believed Here Sole Purpose Is to Get Time to Work on Governor

W. I. Turck has secured habeas corpus action in the appellate court in a last legal effort to avoid serving ten days for speeding. While his case has gone to the appellate court, it is generally believed here that Turck's attorney, Ray Nimmo of Los Angeles, has no expectation of being able by that legal proceeding to prevent the carrying out of the sentence.

It is surmised that the real reason that habeas corpus proceedings have been started in the appellate court is that Turck wants a few days longer in which to continue his campaign of pressure upon Governor Stephens.

That Turck has been stirring up a wide appeal in his behalf is well known here. Turck hopes to persuade the governor that he ought to be allowed to pay a fine instead of going to jail for ten days.

Yesterday afternoon at 4:30 o'clock Turck and his attorney appeared at the office of the sheriff. Turck was taken over to the jail by Sheriff Jackson and was introduced to Deputy Sheriff Lacy.

While Turck was in jail, Attorney Nimmo went forth to get him out. He had filed a habeas corpus petition in the Court of Appeals in Los Angeles. Judge James of that court set the return for hearing at 10 a. m., May 14. The order for Judge James stated that Turck could be admitted to \$1000 bail pending his hearing in Los Angeles.

Nimmo went to a friend of Turck in Santa Ana and asked the friend to go on Turck's bail. He met with a flat refusal. Nimmo was told that Turck was trying to evade justice, and his friend would not help him in that evasion.

Instead of bond, Turck then secured \$1000 cash bail. About 8:30 last night he left the jail for his home in Los Angeles.

Turck was sentenced to ten days in jail for speeding 58 miles an hour. Justice Cox sentenced him. Turck's appeal to the superior court failed.

Attend This Great May Sale

Yesterday was a great day at our store. Many came to take advantage of our 10 Day May Sale, and many carried away their bargains with keen satisfaction. There was good reason for them to be well satisfied. It has been a long time since any store anywhere offered such reductions on merchandise—and they may never be duplicated, certainly not while this war lasts. Come tomorrow. Two days have gone. Tomorrow is the third. This sale will positively come to a close in seven more days.

PERSONAL AND SOCIAL NEWS NOTES FROM ORANGE CITY

ORANGE, May 10.—One of the most pretentious social affairs of the spring season in Orange was the Beta Gamma Kappa dinner-dance. The dinner was served at 8 o'clock at the Den O' Sweets and the dinner, our proved a joyous period. Harold Yost, vice-president of the club, presided as toastmaster and introduced each of the speakers in a clever manner that produced a round of laughter at the expense of the speaker called on. The following members were called upon for toasts: Earl Phillips, Louis Cole, William Handley, Harold Purviance and Brown McPherson.

The dance which followed at the Commercial Club proved as enjoyable as the dinner. Lunch was served throughout the evening. Already there are rumors that the Beta Gamma Kappas are planning other social activities that will be up to the standard of last evening's entertainment. There is no question but that this new club will have a prominent part in the social life of Orange.

The following were present: Misses Gladys Owen, Guinevere Danner, Gladys Lundblade, Gertrude Cole, Cecil Coltrange, Alice Fuller, Vera Coate, Lois Short, Susie Myers, Lois Kelly, Lucile Lester, Florence Anthony, Ella Anderson, Blanche Yost, Irene Aubuchon, Ruth Smith, Lillian Thompson, Elsie Batterman; Messrs. Henry Gray, Brown McPherson, Harold Doan, Harold Biras, Albert Benson, Ruel Davis, Sheldon Wheeler, Tom Hight, Louis Cole, Earle Phillips, Robert Phillips, Harry Shipke, Leo Allison, Roy Edwards, Merle Talmage, Gene Wing, Wm. Handley, Ralph Hughes, Wallie Glesener, Henry Schlueter, Herbert Krueger, Maynard Thompson.

Mr. and Mrs. F. W. Westermann of 512 East Palmyra avenue entertained for their son, Theodore C. Westermann, who has enlisted in the Marine Corps and left today for Mare Island. These present were George Dierker and family, Henry Bandick and family, E. J. Bandick, A. H. Westermann and family, the hosts and Mr. and Mrs. Theo Westermann.

Theo Westermann has been connected with the Puritas Tea & Coffee Co. of Los Angeles for the past five years.

Mrs. F. B. Nickey of North Orange street is reported to be still very ill. Miss Emma Gunther is at the Anaheim Sanitarium taking care of Mrs. A. B. Lane, who underwent an operation Wednesday.

G. G. Williamson of Hollywood is spending several days in Orange looking after his ranch property.

WILD FLOWERS AID WAR

SAN JOSE, May 10.—Even the wild flowers have joined the fight against Bloody Bill.

At the California Wild Flower Show which opened here today the flowers will teach a lesson on conservation. Speaking through the medium of competent experts, each flower and shrub will tell how it can be used in the fight for democracy.

It is to be a real, war-time, wild flower show.

The annual exhibition has been held every spring for the last four years, having been inaugurated at the San Francisco exposition. It will remain open until May 15.

EDDIE CAMPI QUILTS

SAN FRANCISCO, May 10.—Eddie Campi, who once aspired to the heavyweight championship, has permanently quit boxing, he said today. He is now working for the city as a playground instructor.

AEROPLANE DESCENDS TO FIX SPARK PLUG THEN GOES ON

Today an army aeroplane descended near the old race track grounds in the southwestern part of the city. The fliers were passing over the country when the engine began to miss. The descent was necessary. The men picked out a good landing and stopped. They found that a new spark plug remedied their difficulties, and after supplying the plug they arose and flew on their way.

GREAT AID TO SOLDIERS

Hubert Scott Says Former Gambling House In Alps Now Is In Good Use

In an interesting letter written to a Santa Ana friend by Hubert Scott, son of City Attorney and Mrs. G. H. Scott, tells interestingly of the Y. M. C. A. and its location in the Casino in Paris, formerly the second largest gambling concession in the world and which is now filled all the time with khaki clad soldiers writing home to their people. The young soldier writes:

With the American Expeditionary Force, March 30, 1918.

Your welcome letter received the first of March and now on my furlough in Aix-les-Bains in the Alps, fifty miles from the Swiss border, will answer it.

I am writing this letter to you in the Casino, the second largest former gambling concession in the world, now taken over by the Y. M. C. A. In this Casino a large theater is located, and last night I attended a farce by the stock company here now. Every night except Sunday a good performance is given and the Y. M. C. A. has a number of American girls to sell hot chocolate and many other good things. The soldiers are all delighted with this American rest camp. Our expenses are all paid while here on furlough of seven days.

We have very good meals, rooms and beds in which one sinks from sight. Mountains surround the city with a beautiful lake at the foot of the town. The water is clear as crystal with fishing boats free to use.

We all feel proud of belonging to such an army as ours that looks after our welfare.

I have not seen any Santa Ana boys yet as I am still with the French army in France.

Hoping to see you soon after we have finished over here.

Your friend,

HUBERT G. SCOTT.

How Fast We Are Dying

Life insurance companies have gone far in figuring mortality rates, periods of expectancy, etc. Of course it can be figured out just how long (based on the law of average) we may expect to live. From a well-known life insurance company the following interesting data is obtained:

"The population of the world is about 1,623,300,000. The average age at death is 23 years. Every year there are 57,372,727 deaths. Every week 908,536 die and 5,308 every minute. About three die every 2 seconds and about 60 have died while you were reading this item."

NEW BOOKS ARE PUT ON SHELVES OF LIBRARY

Some of Them Are Fiction and Some of Them Are Miscellaneous

Another group of books have been added to the shelves of the Santa Ana library. Most of these books are fiction. The names of the authors and titles of the books, with a brief descriptive statement of the others, follow:

GEORGE LEICHTFUSS

SEVERELY WOUNDED IN ACTION, MAY 1

Telegram Received Today Announces Injuries to Well Known Orange Boy

That George Leichtfuss, 23, was "severely wounded in action on May 1" was the news brought by telegram today to his parents, Mr. and Mrs. August Leichtfuss, of North Custer street, Orange. The young man was well known in Orange, where he attended school, and where he was employed at the Santa Fe station for some time before. He registered for the draft at San Bernardino, where he was living in June, and left with the San Bernardino draft contingent on September 19.

Leichtfuss was a telegraph operator, and after preliminary training at Camp Lewis, was sent overseas as an operator with the signal corps, machine gun company. He arrived in England on Christmas eve and in France on January 10. His first experience in action was early in February and he was later stationed behind the lines until April 1, when he was again sent to the front, where he was wounded.

The nature and extent of the young man's injuries were not given in the telegram received at Orange today from Adjutant General McCain.

When a Bullet Misses

Men who have been in the trenches in France say that a soldier who has been fired at and just missed at a distance of 500 yards, hears two distinct sounds. Phonetically, in type, they are this: "Pack-punk." The "pack" sound is made by the bullet in passing, and "punk" sound is the report of the rifle from which it is fired, and arrives, at this range, about half a second later. Bullets which ricochet from the ground or any flat surface travel thereafter with a peculiar rattling noise, sometimes between a whistle and a shriek. This is because, having been deflected in their flight, they are turning rapidly over and over in the air.

U. S. Admirals in Command Abroad

ADMIRAL A. P. NIBLACK

ADMIRAL H. O. DUNN

ADMIRAL H. B. WILSON

ADMIRAL H. RODMAN

These four naval commanders are the men who are doing the sea fighting for Uncle Sam in Europe—the convoying, scouting, U-boat hunting and patrolling, and who are ready to engage Fritz's heavier vessels if they show their noses. They are all rear admirals, under Vice Admiral Sims, the supreme commander. They

are stationed as follows: Rear Admiral Niblack, in the south; Rear Admiral Hugh Rodman, in command of battleships; Rear Admiral Herbert O. Dunn, on special duty; Rear Admiral Henry B. Wilson, in France. Uncle Sam can't be too definite and specific about it but if you have a boy in naval service over there, this will show you his commander.

ARMY DE-LOUSER NEW FRIEND OF SAMMIES IN TRENCHES

BY FRED S. FERGUSON
(United Press Staff Correspondent)
WITH THE AMERICAN ARMY IN LORRAINE, May 9.—The American army now has "de-lousing" machines. The army medical corps operates them. They look something like big trucks carrying huge casks. Lice may not be exactly popular in polite society in America, but the folks at home can rest assured that they are recognized in the very best families over here.

They are popularly known as "cooties."

After a fellow has served eight days in the front line trenches he may be lonesome for a while after losing his "cooties," but he must be "de-loused." He strips, throws aside his inhabited clothes, gets a tingling hot bath with de-lousing solution, and then gets clean clothing throughout. His discarded clothing goes to the "de-lousing" machine.

The motive power of the automobile carrying the de-lousing tank is steam. With the machine standing still, the steam is diverted from the engine into the tanks. The clothing of the soldiers is then thrown into the tanks, sealed up, and—exit "cooties."

The hot iron treatment comes after the steaming. The "cooties" hide in the seams of clothing. Uniform and underwear are laid out, and a hot iron run along every seam. After this treatment the clothing is cootie-free.

The "de-lousing" wagons move from one rest camp to another, steaming out "cooties" as fast as the men come out of the trenches.

It is estimated that a mother "cootie" has something like 3600 children, grandchildren and great-grandchildren in the course of 24 hours, so once she gets ahead of the medical corps "de-lousing" wagon, there is a battle on.

It has been established that the louse is responsible for trench fever. Every man ill from trench fever reduces the fighting strength of the army.

It is war to extermination against the "cootie" with the medical corps.

PRISONERS WELL FED

SACRAMENTO, May 10.—German prisoners who are residing in American prison camps in France have no complaint to make about the meals which are served them, according to a letter received by Mrs. F. E. Doyle from her son, Everett Doyle, a member of the aviation corps "over there."

Doyle says two Huns recently escaped from an American camp and returned a week later with ten additional prisoners. Inquiry by the officers brought the declaration from the two Germans that the food served in the American camp had made such a hit with them that they decided to round up a few comrades who were looking for a square meal.

CAMOUFLAGE BATHING SUIT

CAMP KEARNY, San Diego, May 10.—Here's the camouflage bathing suit.

A Camp Kearny soldier wanted to go bathing, but had no suit. So he pinned his undershirt together at the bottom, painted a stripe around it just above the waist, another around each leg at the lower extremity of the shirt and he was all dressed up.

"LIBERTY CALLS" TONIGHT

LOS ANGELES, May 10.—"Liberty Calls"—a patriotic pageant depicting a pleasure loving world suddenly called to war—will be presented at San Pedro plaza tonight.

Three hundred people make up the cast, including 160 girls in costume and a chorus of 100. Miss Julia Sprulock, as Columbia, and Mrs. J. Irwin Muma as France, take the leading roles.

3 GREATEST RIDERS IN KENTUCKY DERBY

LOUISVILLE, Ky., May 10.—There will be a duel of 3-year-olds in the forty-fourth renewal of the Kentucky Derby at Churchill Downs tomorrow and there will be a duel of jockeys which will be no less interesting. It so happens that three of the greatest riders in America will ride the three contenders for Derby honors.

Jockey Johnny Loftus will have the mount on War Cloud, A. R. Macomber's great son of Polyamelus, and Willie Knapp will pilot Willis Sharp Kilmor's Sunbriar. Jockey Notter will have the mount on Escoba.

If Loftus wins the Derby for Macomber he will make up for the Derby Loftus took away from him in 1916, when he beat Macomber's Star Hawk a neck with George Smith.

Knapp rode Harry Payne Whitney's filly, Regret, to victory in the Kentucky Derby in 1915.

Other probable starters in the Derby are Lucky B, Jim Heffering, Viva America, Gwelly Combs, James T. Clark, Oliver Wood and Aurum.

JAPANESE CRY FOR RUSSIAN INVASION HAS BEEN QUIETED

TOKIO, May 9.—The Japanese government is perfectly aware that the war situation is fraught with the most momentous consequences, but the people may rest assured that Japan will never embark on an unnecessary war. We will not hesitate to go to war to uphold the interests of Japan, as well as the Allies, but such a step has not yet been justified.

This statement, made by Premier Count Terauchi in the National Diet, may be taken as a pretty accurate summary of Japan's attitude today toward Russia and the possibility of Japanese intervention. This calm declaration of the premier, coupled with the sympathetic policy of President Wilson and the United States toward Russia, has just about quieted the clamor for an immediate Japanese military expedition to Siberia which was resounding throughout the Island Empire but a short time ago.

Indeed it is remarkable, now that the idea of hasty action in throwing a million troops into Asiatic Russia seems to have been abandoned, to recall the situation a fortnight ago. A country-wide mobilization order was expected momentarily, reservists had been directed to remain at their homes, wild rumors of a landing at Vladivostok were reported and newspaper correspondents were preparing to hie themselves toward the frozen banks of the Amur.

Whispers of war, made with bated breath and lowering eyebrows, spread from the columns of the press to the little one-story homes and shops of Tokio; there was something in the atmosphere of Nippon similar to the ominous, silent tension felt on the eve of the Russo-Japanese conflict over a decade ago. There was no emotion, no fear—the Japanese are taught to conceal their feelings—but there was a grim recognition that the bloody hand of Mars was about to descend upon the land of the Gods. If you were a newspaper man, a dignified Lilliputian policeman, with flowing mustache and clanking saber, marched into your office almost nightly with his writs prohibiting the announcement of troop movements, the deliberations of the Foreign Advisory Council or other matters considered of grave importance to the welfare of the empire.

A large section of the press, aided by talkative statesmen, publicists and professors, loudly voiced their impatience at the seeming dilatoriness of the government in sounding the call to arms. It was even hinted that the American attitude was responsible for preventing the salvation of Russia and the crushing of the German menace by Japan.

It's all different now. Overnight, almost, came the realization that a military expedition to Siberia might in many ways be impracticable, that the German menace was yet a long ways from the Orient and that there might be ways of saving Russia other than invading her territory, with the risk that she would be thrown into the waiting arms of Germany. Domestic opposition to intervention developed, there was talk of a ministerial crisis. Tonnage, finances and other

items forced themselves to the front.

Most important, however, of the factors which determined calmness in dealing with Russia was probably America. It is now recognized in the most responsible quarters that the United States is not opposed to intervention in principle, nor does she question Japan's motives, but that she does not wish to run the risk of arousing Russian hostility against armed intervention unless the German penetration eastward makes such a policy absolutely imperative. It is also appreciated that if the dispatch of Japanese troops should become inevitable Japan would be backed in her movement by every ounce of aid America could give her.

In the meantime, Premier Count Terauchi is endeavoring to steady the restive elements.

Let Our Own Spring Drive Be Victorious!

We, in this good agricultural country, have a Spring Drive of our own right here at home to attend to. We reckon not with shells or bayonets but with seeds and tractors. Let us

"Grow More Grain"

so that the boys who bear the brunt of battle may have health and strength and nourishment. Plant a little more, work a little more, grow a little more, help a little more and profit a little more.

Isn't it a worth-while task? Let's make our answer to Uncle Sam in tons, not in words; let's make it in shiploads, not in cheers. Our own Spring Drive must be victorious.

And we may well live up to our leadership, for the leadership of the American Farmer is acknowledged today on every continent. We have earned the right to good values in everything we buy, and this store has made sure that our farmer friends shall have good value.

Why Hold a Sprinkling Hose?

Will's new sprinkling system gives perfect distribution of water to all parts of the lawn—and works while you continue with other work or read the evening paper.

Cheapest to Install a Most Durable, Efficient System—

Can Be Installed Without Tearing Up Lawn

Durability

The Wills Sprinkling System is made of 1/2-inch galvanized iron pipe, especially prepared for durability. No rust, no leaks to mend. There is practically no limit to its lasting qualities.

Efficiency

The principal feature of this system is the manner of perforation. The water falls in a fine, steady spray and reaches every corner of space. Not a dry spot left as with the ordinary methods of sprinkling.

Cheapness

The Wills Sprinkling System is laid along the walks and around the border of the lawn. It is not under ground, but the pipe is not noticeable when properly laid. It is therefore cheapest to install.

We have a number of these systems in use in Santa Ana and will gladly give names on application.

LET US GIVE YOU AN ESTIMATE ON WILLS SPRINKLING SYSTEM.

\$10 MINIMUM WAGE FOR OFFICE EMPLOYEES

SAN FRANCISCO, May 10.—Ten dollars per week hereafter is to be the minimum wage paid experienced female office employees under an order issued by the industrial welfare commission of California. Only in the case of beginners or of women incapacitated by age or otherwise can less than the minimum of \$10 be paid. Women in the latter class—those incapacitated—must hold a license from the commission before employers will be permitted to employ them for less than \$10 weekly.

A schedule for beginners is included in the order which provides that beginners 18 years of age or over shall be paid a minimum of \$8 weekly for the first six months; \$9 weekly for the second six months and there-

after \$10 will be their minimum wage. Women under 18 years of age will receive a minimum of \$7 weekly for their first six months employment, \$8 weekly for the second six months; \$9 weekly for the third, and thereafter a minimum of \$10.

Not over 25 per cent of the women employed in any establishment may be classed as beginners. Students may be employed on part time under permits from the commission.

CHANGE TOWN NAME

SACRAMENTO, May 10.—Residents of Germantown, Glenn county, are circulating a petition to change the name of the town to "Artois." The agitation to change the name was hastened by the action of a train load of selective service men en route to Camp Lewis, who attempted to down the sign "Germantown" from the station building.

SHIP PRODUCTION

There is a marked improvement in the shipping situation. The doleful period of preparation and postponement is past, and today we are really building ships. The April output was 240,000 tons. At that rate we should have a total of nearly 3,000,000 tons for the current year. But such a figure would be an unreasonably small expectation, in view of the facts at hand. There has been a steady increase ever since the beginning of the year. We have produced, in successive months, 91,000 tons, 123,000 tons, 166,000 tons and 240,000 tons. The April production was three times that of January. It was about fifty per cent higher than that of March. And two-thirds of it was turned out in the last half of the month, showing the marked upward trend at the present time. May will greatly surpass April's record. There is no visible reason why the improvement should not continue steadily during the summer and fall. Weather conditions are favorable during these months. Transportation is improving. The industry is now employing 236,000 men, and has a plentiful reserve subject to instant call. The men are working steadily, without strikes, and vying with each other for efficiency records. New shipyards are continually being completed, new ways being utilized.

The ability and personal influence of Charles M. Schwab, now in charge of production, insures a plentiful supply of steel plates and a speeding up all along the line. The fabricating yards, which have not yet come into commission, will add a big and increasing contribution. When all the ways for steel and wooden vessels are completed, as they will be within a few months, we shall have 730 merchantmen under construction at once. That is more than three times as many as there are altogether in Great Britain and Ireland. And as for individual building speed, what is possible may be inferred from the fact that a Seattle yard recently delivered an 8800-ton ship in 109 days after the keel was laid.

Shipping men are now talking of 4,000,000 tons for 1918. That looks reasonable. And it may come to a good deal more than that. As for 1919, nobody can foretell. But we may be sure that the output will at least double this year's.

A NATION OF BOND HOLDERS

It is safe to say that the total number of people now owning government bonds as a result of the three Liberty Loan campaigns is not less than 20,000,000. Taking the average American family as five people, that means one bond owner to a family. The securities are not so evenly distributed as that, of course; there are hundreds of thousands of families where more than one member has bought bonds. But the general fact is plain enough.

We have become literally a nation of bond-holders. The old slang term, "bloated bond-holder," has lost its meaning. Bonds, for the first time in American history, have become democratic in distribution and in meaning.

It is a fine thing that the government is able to raise such vast sums by popular subscription. It is a still finer thing for the people. It means thrift, and a great deal more than that. It means a new understanding of the business and finance by which this modern world is run. It means a new, personal and direct interest in the federal government, which has heretofore been a distant and abstract thing.

When a man invests money in the bonds or stocks of a corporation, he always takes a closer interest in that corporation. We now have a larger number of people than all the voters in the country together taking a closer interest in the greatest corporation in the world—the United States of America. They will want to know how their money is being spent, and what measures are being taken to make their investment secure and profitable. And that will increase the efficiency of the corporation and raise our standard of citizenship.

PLENTY OF WHEAT

The most cheerful food news the world has had for a year is the latest wheat estimate for the United States. The food administration announces that "we have ground for hopes of plenty for ourselves and our allies, and instead of famine we can look forward to an entirely different economic situation this year from that which confronted us in the summer of 1917."

It is agreed by crop experts that our winter wheat will amount to at least 140,000,000 bushels more than anybody previously dared to forecast. The winter crop alone will be as great as our entire output last season, and perhaps greater. Mr. Hoover is convinced that our spring wheat will yield twenty or thirty per cent more than last year. The total expectation is between 800,000,000 and 900,000,000 bushels. That will amply provide for our own wants and leave an export surplus of 200,000,000 to 300,000,000 bushels for our allies. The outlook in other allied countries is improved, too.

For the present there is need of greater economy than ever in the use of wheat. But it should be easily borne because of the knowledge that the emergency will soon be past.

WHO IS UNCLE SAM?

The children in a school room were reporting their experience with Thrift Stamp selling. The teacher was making an English lesson out of the telling of their stories.

One child varied the monotony. "A lady told me she wasn't going to buy any Thrift Stamps. She was going to let Uncle Sam run this war and pay for running it."

The teacher did not hesitate. "Will you please go back to that lady," she said, "and tell her, very nicely and politely, of course, that your teacher told you to ask her, 'Who is Uncle Sam?'"

It's a question well worth putting—not only to those who seem a little disloyal but to one's own self. It's so easy, when things go wrong, to put the blame on some

impersonal agency, such as the government or a political party—or upon Uncle Sam.

And who is Uncle Sam? And who runs the government in a democracy?

A member of the German reichstag vouchsafes the information that 100,000,000 marks, or about \$25,000,000, is the amount of the indemnity the kaiser is going to levy on the United States. Write to Berlin for the tax blanks.

I Believe In the United States

(By Jesse Lynch Williams of The Vigilantes)
Have you read "The American's Creed," that quintessence of Americanism, in one hundred words, by William Tyler Page? The creed that won the \$1000 prize out of 2000 competitors?

Well, if you have not, you must. And if you have, you have not done enough. You should learn it by heart. Every child in the country should master it like the multiplication table. It will do far more good and, incidentally, it does not take so long. It should be made a part of the "opening exercises" at every school. It should be recited standing as with the Apostle's Creed in some of our churches.

Here it is. Examine it closely and you will see why it won the prize:

THE AMERICAN'S CREED

"I believe in the United States of America as a government of the people, by the people, for the people; whose just powers are derived from the consent of the governed; a democracy in a republic; a sovereign nation of many sovereign states; a perfect Union, one and inseparable; established upon those principles of freedom, equality, justice and humanity for which American patriots sacrificed their lives and fortunes.

"I therefore believe it is my duty to my country to love it, to support its constitution, to obey its laws, to respect its flag and to defend it against all enemies."

You see what Mr. Page has done? You see why this one out of the 2000 contributed won the prize? Instead of attempting to say something "original," the author has done something far more important and permanent. He has drawn upon the immortal documents known to all of us, the Declaration of Independence, the Constitution of the United States, the federal oath of allegiance, Washington's farewell address, Lincoln's Gettysburg speech, one of Webster's speeches, Edward Everett Hale's story, "A Man Without a Country," "The Star-Spangled Banner," the army and navy regulations, the great seal of the United States, etc. He has culled from each of them and has made a composite—not of mere fine-sounding phrases, but of the fundamental faith, the sacred belief in all that is implied by the term "Americanism." It fairly reeks with Americanism. And yet there is no blatant spread-eagle jingoism in this calm confession of faith. It is as dignified as it is sincere. It is a notable literary performance, because it is a great patriotic expression. And all in 100 words. A tour de force.

The award was made by a committee composed of: Matthew Page Andrews, Irvin S. Cobb, Hamlin Garland, Ellen Glasgow, Julian Street, Booth Tarkington, Charles Hanson Town, of The Vigilantes, a non-partisan organization of authors, artists and others for patriotic purposes.

All the manuscripts were, of course, submitted anonymously.

Now, Mr. Page has done his part. Mr. Henry S. Chapin of New York, who suggested the idea, has done his part. Mr. Matthew Page Andrews, who engineered it, has done his part. The rest of us must do our part to make this patriotic effort effectual. With all due respect to our youthful training many of us were allowed to grow up with the idea that "our country" meant little more than the place where we happen to live. This mistake must never be allowed to occur with another generation. One does not think of one's family merely as the people with whom one happens to live! You "belong" to your family, your family belongs to you. And so with your country. One reason why this nation has been slow to awaken to its peril and its responsibilities is, or was, our deplorable lack of national consciousness.

We are now, however, at the dawn of a new era. Probably there is not a man, woman, or child in the United States, provided he be in his right mind, who has not today a different feeling, a stronger reaction to the words, "my country," than three or four years ago.

It was for the furtherance of this feeling that this project of an American creed was originated. It was formally accepted in the name of the United States government by the speaker of the house of representatives on April 3 and by the United States commissioner of education.

Bud Flivver's Observations

*** We were out—On the lake fishing—And in a boat—Some distance away—Sat old Abe Hunker—

*** And after while—Abe filled his—Old cob pipe—And fumbled around—in all his pockets—

*** And pretty soon—He found a match—And lit his pipe—And settled down—To a spell of silence—

*** And after he—Sat there a while—And enjoyed his smoke—He got the first bite—He had all morning—

*** And it was a lively fish—He had hooked—And it put up a fight—That made me envious—

*** And Abe got fussed—And laid his pipe—Down on the seat—By his side—

*** And he worked—With the fish—To get him landed—And he would—Let the line out—And reel it in again—

*** And he kept it up—For several minutes—And when he reeled in—The fish was gone—

*** And Abe got peeved—And picked up his pipe—And began to puff—And the fire—Had gone out—Of the old thing—

*** And he dug around—in all his pockets—And shook his head—And baited his hook—And cast it out—

*** And he searched—Through his pockets again—And pretty soon—He pulled up—And started to row—Toward the landing—

*** And the landing—Was a mile away—And when he got there—We could see him—Go in his shack—

*** And in a minute—He came out again—And got in his boat—And started to—Row out toward us—

*** And we knew—He had gone back—To get some—New kind of bait—Or a newfangled hook—

*** And we asked him—What had he—Rowed to land for—And he told us—How his pipe went out—

*** And he said—"Fishin's no good—If a feller can't smoke—And I ran out of matches—And went back—To get some"—

*** And I asked him—Why didn't he—Ask us for matches—And he looked foolish—And said—"Why didn't I—Think of that?"—By Bud.

CHAMPS IN BOXING
SHOW, S. F., TONIGHT

SAN FRANCISCO, May 10.—One champion, one ex-champion and a flock of lesser lights will mix tonight in one of the biggest boxing cards San Francisco has seen for years.

Benny Leonard, lightweight king, will stop four rounds with Johnny McCarthy. Second in interest is a bout between Willie Ritchie, former lightweight champion, and Frankie Jones. The card is a veritable tournament, staged as a soldiers' benefit by Jim Coffroth, with Eddie Graney refereeing the main event. Nine four-round bouts are on the bill.

Fred Fulton was to have been one of the gladiators, but after he had been matched with Willie Meehan he changed his mind, declaring he didn't want to jeopardize his proposed match with Jess Willard.

Leonard and Ritchie will be busy

lads while they are here. On Tuesday Leonard boxes Joe Miller at Oakland and Ritchie will enter the ring with Frank Barrieau the same evening. Jim Jeffries will referee the Oakland bouts.

"CANTERBURY BELLS"

Clever "Interpretal" By C. A. Gustlin a Marked Success

An appreciative audience gathered last night at Elks' hall to enjoy the "interpretal" given by Mr. Clarence A. Gustlin for the benefit of the Santa Ana Junior Red Cross.

The subject chosen by Mr. Gustlin was the new American opera, "Canterbury Bells," by De Koven. Together with his masterly rendition of the beautiful music, Mr. Gustlin read enough of the story to enable his hearers to follow the theme, and the combination aroused in the music lovers present a warm desire to hear the opera in its entirety.

The clever combination of recitation and music is something of a new departure for Mr. Gustlin and his manner of presenting both the story and the music was an artistic treat. The America opera "Azora" has also been arranged for a similar presentation, and has been given by Mr. Gustlin before an appreciative audience in Los Angeles.

Mr. Gustlin's characteristic generosity in placing his talent at the disposal of the Red Cross is much appreciated, and the proceeds from last night's program will be of substantial assistance to the finances of the Junior Red Cross.

A typical Spanish day will be given on the evening of May 24 and all day May 25 at San Gabriel, the proceeds from the undertaking to go towards building the furlough houses to be established in France for the American Sammies. These houses will be their only homes while across the water.

Delightful plans are being arranged for the presentation of "Ramona," the story which every one knows and there will be Spanish booths with charming señoritas in charge to separate people from their dollars for the worthy cause.

Mrs. W. V. Budrow, well known Spanish singer, will have a part in the program and take charge of a booth. The affair is given by the Schubert Club, under the auspices of the Women's Federated Clubs, which has the big enterprise in charge.

GROVE P. T. A. ENDS FINE YEAR'S WORK; COMMITTEES CHOSEN

GARDEN GROVE, May 10.—The year's work for the P. T. A. closed Tuesday afternoon with an enthusiastic meeting. A piano solo was rendered by Miss Gertrude Jentges. Mrs. W. B. Harper gave a very comprehensive report of the Mothers' Congress. P. T. A. convention at Brea. She also gave the annual treasurer's report.

Prof. S. R. Fitz, historian, gave a brief outline of the work accomplished, showing two \$50 government bonds purchased by the school children and P. T. A. and presented to the school. Also \$450 in bonds were purchased by individual children and \$1000 in Thrift Stamps. This was up to April 15, before the last Liberty Loan campaign; also formation of a Junior Red Cross, using French relief work, to which the association donated \$20. He also, in behalf of the teachers, expressed appreciation for the helpfulness and hearty co-operation of the P. T. A. for the past year.

By unanimous vote the president was instructed to offer the services of the association to take charge of the Red Cross Shop at the earliest available Saturday after May 18th.

Officers for the ensuing year were installed and the following committees appointed: Membership, Mrs. Jno. Jentges and Mrs. Earl Butler; Courtesy, Miss Agnes Christensen and Mrs. E. O. Fulson; Junior Red Cross, Mrs. Warren A. Wheeler; Ways and Means, Mrs. S. Horowitz; Playground, Mrs. F. C. Natland; Emergency, Mrs. John Ward; Reporter for Garden Grove News and Santa Ana Register, Mrs. Henry Bosey.

By unanimous vote the association will meet throughout the summer and aid the Junior Red Cross with their French relief work. Miss Ethel Archer is chairman of the Junior work.

A delicious collation of home-made cakes and orangeade was served to the fifty guests present and the remainder of the afternoon was spent socially.

W. S. S. GARDEN GROVE NOTES

Red Cross Shop Nets \$54 Under Management Of Berrydale Ladies

GARDEN GROVE, May 10.—The Community Club of Berrydale had charge of the Red Cross Shop Saturday. They served a hot dinner and supper with refreshments all afternoon and evening. They are artists in the culinary department. There was an abundance of good things to eat, and every one is looking forward to the time when these gracious ladies will again preside at the Shop. There are but twelve active members in the club. The food was furnished and cooked by the individual members. The net receipts were \$54.

W. S. S. SNAKE ROBS CANARY BIRDS' NESTS, EATS EGGS, YOUNG, AND OLD

GARDEN GROVE, May 10.—Mrs. Harvey J. Newsom is a canary bird fancier and has six birds setting in one large cage on a screen porch. Wednesday morning the birds seemed to have been disturbed and upon investigation she found a snake coiled in the cage asleep. The six nests had been robbed, two little birds and one mother bird was missing. Mrs. Newsom was called to dispatch the snake, which was thought to be a gopher snake.

W. S. S. MITE BOX OPENING

GARDEN GROVE, May 10.—The Home Missionary Society of the Methodist church, Mrs. S. R. Fitz, president, held their annual mite box opening at the parsonage Wednesday evening. A program added to the evening's pleasures. A piano solo by Miss Evelyn Junkin, two delightfully read selections by Miss Mae White. A violin solo by Miss Madeline Conover. An interesting address was given by Miss Leech, superintendent of the Deacons' home at Los Angeles. A handsome sum was netted from the mite box opening with several boxes yet to be sent in. Delicious refreshments were served.

W. S. S. SPEND DELIGHTFUL DAY

GARDEN GROVE, May 10.—A delightful day at the beautiful country home of Mr. and Mrs. T. H. Thompson was enjoyed Friday by Mrs. Leo Borchard of Huntington Beach, Mrs. Charles Ward of Talbert, Mrs. Charles Borchard of Fairview, Mrs. Stevenson and Mrs. E. Farnsworth of Santa Ana, a daughter of Mr. and Mrs. Thompson. An appetizing course dinner was served at noon.

W. S. S. FISH DINNER SATURDAY

GARDEN GROVE, May 10.—The surgical dressings class will preside at the Red Cross Shop Saturday and will serve a fish dinner at noon. They will also serve other meat. It will be a cafeteria service. Refreshments will be served throughout the afternoon and evening.

Heal Skin Diseases

It is unnecessary for you to suffer with eczema, blotches, ringworm, rashes and similar skin troubles. A little zemo, obtained at any drug store for 35c, or \$1.00 for extra large bottle, and promptly applied will usually give instant relief from itching torture. It cleanses and soothes the skin and heals quickly and effectively most skin diseases.

Zemo is a wonderful, penetrating, disappearing liquid and is soothing to the most delicate skin. It is not greasy, is easily applied and costs little. Get it today and save all further distress.

MISSIONARY SOCIETY GIVES GOOD PROGRAM, AID FRENCH ORPHANS

GARDEN GROVE, May 10.—A most entertaining program was given by the Foreign Missionary Society of the Methodist church, Mrs. G. R. Reyburn president, on Friday evening to aid the orphan's home in northern France which has been kept by the national society for a number of years, but which since the war is so crowded the available funds were insufficient and each society was asked to give an evening's entertainment to add to the funds. A silver offering was taken, amounting to \$19, every cent of which will be forwarded to this particular "home."

Mrs. Reyburn, with the faithful few who always assist with the work, gave a very pleasing program.

The first number, "The Star-Spangled Banner," by the audience. Invocation, Rev. O. W. Reinlius. Piano and violin duet, "Marsellaise," Miss Muriel Arkley and Miss Lois Conover. Reading "Jean De Prey," Miss Muriel Arkley. Vocal duet, "The Master's Service First," Mrs. Emmett Smith and Miss Lila Crane. Play, "May Baskets New," children and young ladies. Belgian and French children being given May baskets filled with food. A song by the boys, "If My Country Needs a Laddie," tune "Comin' Thro' the Rye." Song by the girls, "Keep the Home Gardens Growing." A May queen was chosen by Uncle Sam (Robert Valle); he thinking the cook was most deserving, Miss Virginia Sandman was placed upon the throne and crowned by Uncle Sam.

A pantomime, "The Prayer," Mrs. Reyburn reading, with soft music by Miss Muriel Arkley at the piano, was a portrayal of an American soldier in France observing a few children returning home from a cellar school and kneeling before a shrine, of which there are many, and being observed also by a Belgian soldier, who is King Albert of Belgium incognito. Characters: Children, Winifred Young, Edith McVey, Ethelda Witherow, with Mrs. Emmett Smith elder sister; Belgian soldier, Charles Lake; American soldier, Francis Young. Closing number, "America."

PERSONAL NEWS NOTES OF GROVE AND ENVIRONS

GERMAN APPEALS TO COUNTRYMEN TO BE LOYAL

Compares the Advantages in America With Those in Own Country

The following taken from the Win-bledon exchange of Barnes, North, Dakota, was handed the Register by A. H. Squier, 602 South Main, with the request to re-publish. Here it is:

"The following patriotic contribution by Fred Beier of Carrington, N. Dak., has been given wide publicity and is a splendid testimony of loyalty by a man who was once a German subject."

To all people of German blood who live in this state or elsewhere in the United States, whether you are citizens or have intended to become such, I have a few words to say about what our duty is in this war.

There is much written and said these days about the Germans in America. Some of the things said about us are kind; some of them are unkind. Many things are said that are unkind because we are not understood and we are not making the effort we should to show that there is no reason for people to believe as they do.

I feel that it is a duty to say a few words to the Germans for two reasons. One is because I am a German born in West Prussia in 1843 and lived there till I was twenty-one years old, so I know something about the Fatherland. The other is because I am now a citizen of the United States and have not forgotten my oath of allegiance which I swore as soon after coming here as I could get my papers. Also I see what my duty as a citizen is and want to do it as far as I am able.

One of the first questions I am often asked by people is, "Why did you leave Germany?" Well, that is not hard to answer. My father was a poor man with a family of nine children. He only owned seven acres of land. It was hard to make a living for us all and there was no chance for me to get any part of it when I was grown up. It was not like in this country where nearly every farmer can spare ten acres to start his boy out if he wants to farm. If I stayed over there and hired out as a laboring man the best wages I could earn as a common laborer was fifty cents a day. As a skilled mechanic the best wages I could earn would be one dollar a day. Could save \$20 per year.

The most thrifty man who worked as a common laborer could not make but about twenty dollars in one year, and think what a long time it would take to get enough together to buy even a few acres of land when it cost from \$100 to \$200 per acre.

Besides it cost more to live there, since though the land produced well, there were extra heavy taxes over what we pay here. There was the military tax and there was the royal tax that was for the benefit of the royal family. These taxes amounted to about twenty dollars per acre over the regular taxes such as we pay here, or as much as plenty of land can be bought for in this country.

Over in Germany there was no free homestead land like we have and which has been the stars in the prosperity which many Germans now in this country enjoy. There was no

land to be had only at a high price and the poor man had no chance for getting ahead in the world.

Besides if I had stayed in Germany I would have had to take three years of military training and after that give about two months of each year to military work and be subject to call for active service at any time. This would have continued true until I was 45 years old and after that I would have to join the land reserve or home guard as it is known here.

The only thing I could get over there that amounted to anything was a good common school education but there were no free higher schools and no chance for a poor fellow to better himself.

We Germans often heard and talked of America and many who could get away were anxious to come to a land that we heard so much about, with its free lands, free schools and freedom of all kinds that we did not enjoy there.

Glad He Came to America

I was one of those who emigrated to the United States and I have never been sorry that I did so. Instead of being sorry, I am glad I came and I am proud to let it be known that I am as true to the American citizen as I know how to be. Why shouldn't I be glad when I compare what Germany had to offer me along side of what America offers? I am not the biggest man in this country, far from it, but I am an independent American citizen. As long as I am honest and tend to my business, I am the equal of every man here. I don't have to take off my hat to any man unless I want to and the men in this country who are big meet me on an equal footing.

Instead of being a poor laborer in Germany I am the manager of a good sound business institution here and myself and my family are happy and reasonably prosperous. The other business men, no matter what their nationality or their line of business, treat me with respect and as an equal and my family enjoy the same social advantages that theirs do.

When I look around me and see what a lot of our German people there are in this country, who are worth many times what they would have been worth if they had stayed in Germany, and I think about these free homesteads that were given them, and of the free school, and the right we have to vote and be part of the government, and when I think of all the freedom we have here that we didn't have there—and when I read the papers and see what is going on over there now and what I would have had to take part in if I was over there and not here, I ask my brother and sister Germans living here to consider all of this and if you haven't decided fully to stand by America as a true citizen should that you do so now and forever.

Duty to Support Government

Our plain duty lies in supporting this government that is giving us homes, protecting us and our families. We must do this not only by words but by action as well. We must not be German at heart and American on the outside. We must not secretly rejoice when Germany wins a battle. We must not stand with one foot on each side of the line. We should get on the American side and stay there. We should be glad we are free Americans. No one will blame us for being sorry for the stain that has been put on honest German blood by the Prussian military power but ours won't be honest blood unless we back up our oath of allegiance with our sympathy and love for our adopted country. If we won't be honest about it then we should go back and never let it be said that German blood is two faced.

We know that Germany is fighting for conquest. We know that America stood out as long as it could before going to war. We know that Americans have always fought for liberty for all the people and when we read how the United States is today fighting and spending large sums of money for the little down-trodden nations that they may be free and independent just as we are, who wants to go back?

Before the war our German citizens here were spoken of with pride. We have been thrifty; we have been honest. If we have worked hard and prospered. If we are loyal Americans we can still hold up our heads and people will still respect us. So let us stand up for this government. It is now OUR government. If it needs our time and money we must give just as other citizens give and maybe more because we know better than others do what this country really means to the common people.

Don't Kick on High Prices

Don't let us kick about high prices and because everything isn't done just as we want to see it done. The government is doing its best. We have loved peace over here so much that it takes a long time to prepare for war. If we save our money and lose this war what do we gain?

We mustn't be selfish. Our boys are at the front with those boys from here of different blood. They are brothers and though it hurts because some of us are on the other side, we must be fair and keep the German name on this side of the water free from the stain of guilt.

When someone argues that if we side in with America we are fighting our own blood, let us tell them that fighting against its own blood is what makes America the land of the free today. Didn't the first settlers in New England States fight their own blood when in the Revolutionary war they whipped England. And they whipped her because on this side they fought for freedom. When this country went through the Civil war didn't brother fight brother and father fight son? And wasn't it freedom and liberty they fought for then? And can't we now see that their fight was a good fight and that right won?

If the freedom which we now enjoy has been bought with the blood of thousands of liberty loving men and years of strife are we who come here and share it without one cent of cost to us going to fight against it now when it needs us? If we do we are surely traitors and never again can we claim to be honest men and women.

MESA BEANS ARE UP AND GROWING RAPIDLY

WINTERSBURG, May 10.—The numerous bean fields on the mesa west of Wintersburg are now up and are growing rapidly. Lima beans are in the majority but many acres of the Lady Washington beans have also been planted. There are more of the latter crop in this year than ever before.

Ray Moore has just finished planting sixty acres of limas for his uncle, Geo. Moore, and has now started planting on his own ranch. Geo. Crane also began his bean planting Monday. These are among the first to be planted in the lowlands.

Missionary Society Meeting
The regular monthly meetings of the Ladies' Home Missionary Society was held Wednesday afternoon with Mrs. Kate Frenger with a fair number of members present. Mrs. W. F. Slater led the devotionals and the lesson, the topic of which was "Alaska," being led by Mrs. M. Ross in the absence of the leader for the day.

The children who accompanied their mothers were entertained at the nearby home of Mrs. C. N. Davis, who had thoughtfully prepared for their pleasure and made them happy with lemonade and cookies when they were tired of play.

Entertains at Party
Bonnylyn Fox, young daughter of Mrs. E. M. Fox, celebrated her sixth birthday on Tuesday by inviting in a number of little friends to spend the afternoon with her. Fourteen children were at the party and had a good time together playing games and also in doing full music to the delicious ice cream and cake served in honor of the occasion by Bonnylyn's mother.

Parents' Day Service
On next Sunday, May 12, Rev. Ross will digress from the general custom of holding Mother's Day service at his church in the morning and instead announce a "Parents' Day" service, at which he will take as his text "Honor Thy Father and Thy Mother."

At the Sunday evening service the subject will be "Our Risen Lord's Promise of Power," dealing with the text, "Ye shall receive power after which the Holy Ghost shall come upon you."

School Gets Piano
A new piano was purchased for the Oceanview school this week and plans are already being made for an entertainment to be given on the 24th of this month by the pupils to assist in paying for it.

The entertainment will be given at Bradbury's hall and promises to be something very good.

Successful Stamp Drive
Last Friday evening the Thrift Stamp selling contest which lasted for a week, closed and a fine showing was made in the amount sold bringing the total amount for the school for the year up to \$575.

All the pupils entered the contest at the beginning but they gradually dropped out of the race until it narrowed down to two contestants, Edmund Dimock of Prof. Ensign's room, and Raymond Vandruft of Miss Dwyer's. The race proved a close one almost to the end, when Edmund Dimock forced ahead, capturing the prize, a War Saving Certificate, with a majority of eight dollars over his opponent. Edmund turned in \$156 and Raymond \$148.

A month's contest is now on with all the pupils of the four higher grades of the school competing for the honors.

Expect Large Delegation
A special effort will be made for as large a delegation as possible to attend the District Sunday School convention at Westminster next Saturday from the local M. E. church. Wintersburg now holds the Sunday school pennant for the largest attendance at roll call at the last convention and it is desired that this record be maintained this year also.

Mrs. M. Ross enjoyed a visit the latter part of the week from her sisters and families, who reside at Los Angeles and Pasadena. Mrs. G. E. Lewis

and two small sons arrived Friday, remaining over until Sunday evening, and Mr. and Mrs. Jack Cassena came for the day Sunday.

Mrs. Kate Frenger is entertaining at her home her daughter of Long Beach, Mrs. C. N. Davis and son Orin went Saturday evening to Anaheim, remaining over night as guests at the home of Mr. and Mrs. Ellis Davis. C. N. Davis joined them on Sunday for the day. On Sunday evening Mr. and Mrs. Ellis Davis left for Corona, where they will reside.

The local Japanese missionary left the latter part of the week for San Francisco. He went with the intention of being absent ten days.

A number of finished garments were turned in by the local auxiliary of Red Cross last Saturday and another assignment of material brought out to be made up.

Mr. and Mrs. Ed Moore of Orange and Mrs. Young of Santa Ana were Friday visitors at Mr. and Mrs. B. A. Farrar's.

Miss Ruth Jordan was able to resume her school duties again Friday after a three days' absence while ill with the measles.

CONGRESS CAN'T CHANGE PACIFIC COAST COW TIME

SACRAMENTO, May 9.—Old Bossie, the family cow, has declared the daylight saving law unconstitutional.

Extremely conservative and highly temperamental, Bossie refuses to take judicial notice of the fact that there is a war going on somewhere, and withholds the milk supply when California milkmaids hustle out to do the chores an hour earlier than formerly. Hence, high school girls in the rural districts have appealed to W. C. Wood, state high school commissioner, to have school time moved back to cow time.

Educational authorities are considering the appeal, and Old Bossie, her back to the wall, is chewing her cud with deep determination.

WANT INCREASED RATES

WASHINGTON, May 9.—Increases in freight and passenger rates are being planned by the railroad administration to meet a deficit which threatens to reach \$800,000,000 for the year.

While the increase to be asked of the Interstate Commerce Commission has not yet been determined upon, passenger officials here forecast a uniform 2 1/2 cent rate for that branch of the traffic. Freight rates, it is believed, will be boosted approximately 7 1/2 per cent. Rate increases are made necessary, it is said, by the vastly greater fuel bill—estimated at from \$50,000,000 to \$75,000,000 annually—and an increase in the payroll of over \$250,000,000 a year.

SEES WARPLANE BROUGHT DOWN NEAR TRENCH

Harold Brown, Formerly of Santa Ana, Writes Letter at the Front

Harold Brown, graduate of the Santa Ana High School, has been close to the trenches in France. A letter from him has been received by Mrs. Sadie L. McMurray, 1234 El Molino street, Los Angeles, formerly of Santa Ana, in which he tells of watching operations in the trenches. He saw a German aeroplane brought down.

Brown is No. 172,267, with Co. D, Second Battalion, Twentieth Engineers (Forestry). His address is American Expeditionary Forces, via New York.

He says in his letter: "Last Sunday a few of us took a trip to the trenches, or, as near as we were permitted to go. It was a beautiful day and they were very active both in air and artillery fighting. We were lucky enough to meet up with a French Lieutenant who was off duty, and with his field glasses we could see all that went on in both trenches. Fritz was over many times in aeroplanes, which kept the anti-aircraft guns booming all the while. We saw one Fritz plane fall in a stubble field but could not get over to him.

Artillery was fighting with only a few short intervals of rest, the heavy guns exploding shook the earth under our feet.

"Fritz's aeroplanes are over our camp pretty often, nearly every clear day. Shrapnel has fallen in our camp many times. We see many air battles but this was the first sight of trench and artillery fighting I had seen.

"Looking down the valley from where we were we could plainly see a certain German city which you have often read about and it was a wonderful trip, believe me.

"For the past few weeks I have been out on military police duty and like it fine. I have talked with a lot of Americans as they pass through. All are cheerful, but all looking forward to the day we start back to the good old U. S. A.

"At present I am working on auto trucks, assisting the driver. We work from ten to twelve hours a day. So you see we are doing our bit. Our furlough is due the 27th. I am going to try to look up some of the fellows from California and Arizona that are over here. I also want to see Paris. We have to have 175 francs before we leave, also no one is given furlough who has a red ink mark on his behavior sheet. I'm all fixed there and I am looking forward to the trip."

HUNTINGTON BEACH PREPARE TENT GROUND FOR M. E. ENCAMPMENT AT HUNTINGTON BEACH

HUNTINGTON BEACH, May 10.—Rev. F. D. Mather of Pasadena was in the city Tuesday in connection with the coming Methodist encampment. Mr. Brown, care-taker of the camp grounds, has begun to clean up the grounds and grub out some of the trees that are in the way of the tent floors.

Mrs. John Tinsley and children left Monday evening for Manzanar, Inyo county, where they expect to stay for several months for their health. They will stop with Mrs. Charles Graham, mother of Mrs. Tinsley.

Francis McElfresh, son of F. H. McElfresh, had the misfortune to have his right arm broken while cranking the Ford machine Monday evening.

All-Day Meeting
The two missionary societies together with the Ladies' Aid of the M. E. church, will hold their regular monthly all-day meeting on Wednesday of next week. The Ladies' Aid will serve dinner at 12:30 for 25 cents and the public is invited to the meetings and dinner.

G. H. Johnson of Hemet has built an addition to his house on Fourteenth street. He has recently sold his property at Hemet and will move here to make his home.

Mothers' Day Service
Services at the M. E. church Sunday will be known as Mothers' Day exercises. A splendid program has been arranged as follows: The Beginners' department will have the program in charge, opening with a "Bell Song," followed by "Good Morning" by the children. Next a "Ring Song," and a "Spring Prayer" by the children.

Exercise, "Garden of God;" song, "My Dear Lord's Garden;" recitation, "In My Little Garden Bed," a spring verse from Solomon's Songs; solo, "Jesus Loves Me I Know;" Flowering Ring, a song, "Sweet Peas;" song, "Daffodil Lady;" song, "Jesus Loves Even Me;" reading by Mrs. Louis A. Copeland; solo, "Mother O' Mine;" Mrs. Bowman; anthem by the choir, address by Rev. R. I. McKee.

Lecture Course Ends
The last number of the lecture course of the high school was given last evening at the grammar school auditorium, the best of the season because it is all of home talent, consisting of a "One-Act-Comedy," vocal solos, piano numbers, boys' and girls' glee club, Scotch dance and songs, and many other features too numerous to mention.

Remove Light Posts
Since the city has connected up the gas lighting system along Main street there has been no further use for the electric light posts and they are now being removed by the gas department and stacked up for future use.

A fine shower passed over this section of the county Wednesday morning with a trace of rain again the same evening.

Benjamin Rockhold and Judson House of Riverside were in the city transacting business Thursday. Mr. House availed himself of the opportunity to fish a few hours. They returned home today.

MUST RECRUIT TO AID FARMS

State Agent Reviews the Situation That Must Be Faced This Summer

UNIVERSITY OF CALIFORNIA, May.—That California must make a strenuous effort to recruit farm labor to meet the harvest needs from every available source is an absolute certainty in the opinion of State Farm Labor Agent R. L. Adams of the University of California. As a result of a carefully conducted inquiry into probable needs and available supplies for the 1918 season an estimated addition to

available labor now in sight must be forthcoming to the equivalent of 12,000 men for the "peak load" harvest needs.

To meet this need, according to Adams, will require the services of every man, woman and child able to assist in the harvest fields. He points out that: "Full utilization of all available supplies or importation offer the only remedies. Importation of a certain amount of labor able to work in crops requiring hard work of a 'stoop' nature and in the less favored localities may be necessary. Under present conditions this must be Mexican labor."

Importation of this labor strictly for agricultural purposes is possible to those able to undertake the moral and financial obligations imposed by the department of Labor. This can be done, however, through cooperation with an association formed by the six California sugar beet companies, with whom my office is co-operating.

"Fully as important as importation is the necessity of using every available home supply—high school boys, women, city dwellers, retired farmers—for such work as they can do. Farmers cannot be too forehanded in making arrangements for their help and those whose work will permit the employment of our people will perform a patriotic service by using them to release regular hands for work and in sections not able to profitably employ emergency labor of this sort."

Napa county feels that her own labor problem has been largely solved by arranging to close her schools in May. They will open early in July and continue until a farmers' committee sends out word that the school children are needed; six weeks' vacation will then be declared. In addition one hundred and fifty business men of Napa and one hundred of St. Helena, with promises of fully as many more, have volunteered to go into the fields for a week's time on a day's notice. The Valley Fruit Growers' Association of Fresno is arranging to recruit several thousand people from Los Angeles and vicinity and transport them to the vineyards for the harvest period. Vacaville, at a recent meeting, took the necessary preliminary steps to investigate the possibilities of utilizing the patriotic offers of certain women's organizations to go into the fields. Santa Clara farmers are making arrangements with the Oakland Y. M. C. A. to co-operate in bringing several hundred high school boys into their fruit harvests.

CALL RAILROAD MEN TO ENTER SERVICE NOW

Special Induction Is to Get
Sixty Qualified Men
In the State

A call has been issued for the induction into service of railroad men. The man with railroad experience who wants to see service in France has been given a chance to volunteer. California on June 1 will send sixty railroaders to Ft. Leavenworth, Kan. The following is a telegram received today by the local exemption board from Adj. Gen. Borree:

The provost marshal general is calling on this state for voluntary inductions of railroad brakemen, flagmen and conductors and locomotive engineers and firemen. Men must be white, physically qualified for general military service.

Please give these calls widest publicity.

Do not induct men but list their names and on May fifteenth advise this office by telegraph how many men of each trade have volunteered.

Quotas will be assigned as soon as reports are received.

Men will entrain June first for Fort Leavenworth, thence to France shortly.

If you get no volunteers advise how many men technically qualified among your registrants in classes one, two D, three K and three L, specifying class.

Health Conditions

The local exemption board has received a letter from Adj. Gen. Borree in which he gives a report of health conditions at Camp Lewis. During the week ending on April 25 the cases of communicable diseases in that camp were: Mumps, 111; measles, 4; German measles, 3; scarlet fever, 11; broncho pneumonia, 1. There are 31,334 men in camp. The record is one in which the authorities at the camp take great pride.

SOY BEAN GOOD AND VALUABLE AS A FOOD

Department of Agriculture Issues a Bulletin on the Subject

WASHINGTON, May 9.—While the soy bean has grown in the United States primarily as a forage crop, its availability as a valuable food for human beings is being given increasing attention. Many schools of cookery and domestic science in this country, as well as home economics experts and home demonstration agents of the United States Department of Agriculture, have shown that dried beans can be used successfully in the same manner as navy beans. The variety and palatability of the ways in which the beans can be served make them a desirable article of food.

When prepared like the ordinary field or navy beans, the soy bean should be soaked for 10 to 12 hours or more, if necessary, and boiled slowly. The boiled soy beans, like boiled navy or field beans, may be seasoned and used as the principal part of a meal as they are or may be made into bean loaf, bean croquettes, or other dishes.

When soy beans are three-fourths or more grown, the seed makes a palatable and nutritious green vegetable. If the dried beans (yellow or yellowish-green varieties) are soaked for a few hours, then finally crushed (as in a meat grinder) and water, water, three times the amount of water as of bean material for about 20 minutes, a milky emulsion is obtained which is similar in appearance and properties to cow's milk. The addition of either magnesium chloride or calcium sulphate (about a 1 per cent solution) to the soybean milk precipitates some of the protein substances, forming a grayish white curd which settles out, leaving a yellowish watery liquid. This curd, after being drained and pressed, represents the tofu or bean curd extensively eaten in China and Japan. Soy or shoyu sauce is a dark-brown liquid ground soy beans, roasted and pulverized wheat or barley, salt, and water, inoculated with a culture known as rice ferment, and left in casks to ferment for six months to a year or longer. The liquid obtained is used in many countries, including the United States, as a sauce for meat or vegetables.

Willie Meehan vs. Knockout Kravosky.

And "five other spirited bouts."

MAX DILL, of Kolb and Dill who will be at the Grand Opera House in "The High Cost of Loving," Sunday night, May 12th.

By hook or crook, fair means or foul, old methods or new, one way or another, "The High Cost of Loving," is funny.

The large audiences that laughed at it when here in the fall gave up all efforts to restrain and let Messrs. Kolb & Dill do their worst to raise the roof and now they are to pay this city a visit at the Grand Opera House on next Sunday night.

The test of fun-making comes toward the end of their show. Laughter has been bubbling over like sparks from a Roman candle for two long acts and the comedians still have reserve fun to make you laugh some more.

It must be said for Kolb & Dill that they put their stage productions on handsomely and surround themselves with clever people and tuneful music and that their shows go with a vim and a rush. These qualities are all noticeable in "The High Cost of Loving," as it is jammed full of laughs; bristles with clever lines and has just enough spice added to tickle the theatrical palates of the most discriminating audiences.

The engagement will be for one night only—Sunday eve next. Reserved seat tickets on sale at Temple Theater box office.

"BEAUTIFUL MRS. REYNOLDS" AT PRINCESS TONIGHT

Do you know that a Secretary of the U. S. Treasury was infatuated by a beautiful woman who already possessed two husbands?

Do you know that he wrote and published a remarkable confession telling of his infatuation for this woman?

Do you know that his honesty and courage in publishing this confession not only retained the esteem of the public for himself but also held his wife to him?

Do you know that this infatuation of his led almost directly to his death at the hands of a United States Senator from New York and a presidential candidate in a duel staged on the heights of the Palisades near New York City?

The Secretary of the Treasury was Alexander Hamilton, young, famous, honored. The Senator was Aaron Burr, also young, also famous, also honored. The woman was beautiful Mrs. Maria Reynolds.

The story of the feud between Hamilton and Burr is not only thrilling because of its historical importance but it is also enthralling because of its intense humaneness and interest.

The whole drama is unfolded in "The Beautiful Mrs. Reynolds," a new World-Picture, Brady-made in which four stars are seen—Carlyle Blackwell, June Elvidge, Evelyn Greeley and Arthur Ashley. See this brilliant offering tonight and tomorrow at the Princess Theater.

PAINFULLY INJURED IN FALL AS FORKS OF BICYCLE SNAP

Los Angeles Collector Dazed, Face Cut, As He Is Violently Thrown to Street

Ray Moore of the Moore Sales Company, business brokers, of Los Angeles was painfully injured this morning on South Flower street, when the forks of a bicycle he was riding broke and precipitated him violently to the ground.

The man was found lying in the street in a dazed condition and was brought to the city hall. He was taken to a physician, where stitches were taken in his lip and cuts on his face and hands dressed. His eye was badly bruised.

Moore soon recovered sufficiently to tell that he came down from Los Angeles on an early car this morning and was collecting when the accident occurred. The bicycle was one he keeps here for his work.

Moore's injuries this afternoon proved more serious than at first thought and he may have a slight fracture of the skull. He refuses to go to the hospital and wanted to return to Los Angeles, as he is director of the Salt Lake playgrounds.

City Marshal Jernigan is trying to find some witnesses to the accident as

CITY HALL JUNK SHOP? NO, JUST DONATIONS FOR FRENCH SHIP

All Available Space Crowded With Clothing, Bedding, and Food Gifts

The city council chamber at the city hall resembles a huge junk shop. In the big room and the small one adjoining is piled clothing and bedding of every description, dried fruit and grains, all to be shipped on the good ship Los Angeles, when it leaves port for "over there."

Miss Lella Watson of the high school is in charge of the packing operations and has been as busy as a bee with the sorting work, trying bundles of all sizes and hammering and nailing up the boxes.

Yesterday afternoon about forty high school mothers gathered to mend and assort clothing and that many more are working today.

Last evening the high school French club, by common consent, put aside its usual program and spent the evening hours from 4 to 11 o'clock in the council chamber sorting clothing and packing. No English conversation was permitted while the work was in progress.

It is hoped that all of the goods will be in shape to be sent to Los Angeles by Tuesday. Miss Watson is greatly pleased with the hearty response made to this appeal.

RED CROSS MASS MEETING TONIGHT

BRINGS MESSAGE FROM TRENCHES TO RED CROSS IN AMERICA

Man Who Has Returned From French Front to Be the Speaker

One of the ablest war speakers who has been in Santa Ana will tonight deliver an address at the First Methodist church in Santa Ana.

Captain Arthur J. Francis of Chicago will be the speaker.

He comes under the direction of the Pacific Division of the American Red Cross.

He brings to the people of Santa Ana a direct message from the Red Cross in France.

Local Red Cross leaders are urging particularly that the attendance tonight be large.

There is to be no admittance fee charged.

There is every reason to believe that it will be by far the biggest Red Cross gathering ever held in Santa Ana.

Captain Francis has returned from across the Atlantic less than two weeks ago. He was commissioned by the American Red Cross to come back to this country and tell the Red Cross workers things that they ought to know.

He is a thrilling talker, a man who knows how to deliver a message, and he has one of the greatest messages to deliver.

Representatives of the Orange and Newport Beach Red Cross organizations heard Captain Francis in Los Angeles in a brief address Wednesday, and they have come back home urging their Red Cross associates to be present tonight in Santa Ana to hear Captain Francis.

Captain Francis, for the Red Cross, was in the trenches. He talked and ate and lived with the American soldier fighting in France. He went over the German trenches in an airplane. Vividly, as one who is deeply impressed, with all of the power of a man who has spent over twenty years in constant public speaking, Captain Francis drives home his points.

OLD DUTCH CLEANSER

PACIFIC COLONY LOCATION NEAR BEAUMONT IS ENDORSED

Institution Rejected In This County to Go Upon Ranch In Interior

All thought of placing the Pacific Colony in Orange County seems to have faded away, and present indications are that it will be located at a point between Redlands and Beaumont.

A few months ago it was practically determined that the Pacific Colony would be located at Villa Park. Assemblyman J. C. Burke led a fight against the location. The opponents declared that the institution would be a detriment to the county.

The interior cities have offered no objection to the location now under consideration. In fact the location has received endorsements, as will be seen from the following from a Redlands newspaper:

"The directors of the Chamber of Commerce this morning," says the Redlands Facts, "endorsed the proposition to establish the Pacific Colony, the state home for the feeble-minded, on the El Casco ranch (Singleton ranch) between this city and Beaumont. The Riverside Chamber of Commerce has already passed a resolution endorsing the plan to establish the institution at that point."

"J. H. Fisher stated this morning that all of the members of the board of directors of the Pacific Colony have been in Redlands recently and stated that the El Casco ranch property filled all the requirements of the state institution with the exception that it had been desired to locate the home nearer the coast. The secretary of the local Chamber of Commerce was this morning instructed to write the members of the board of directors of the Pacific Colony and the state health officials, calling attention to the advantages of the El Casco ranch property."

THE SPRING DRIVE

Our boys are going "Over the top" and into "No man's land" this spring. No one has any doubt of their ability to get there. There will also be a spring drive on this side of the ocean, because March is the year's "blue Monday." It is the most fatal month of the year. March and April is a time when resistance usually is at lowest ebb. It is a trying season for the "run-down" man. But medical science steps in, and says, "it need not be!" We should cultivate a love of health, a sense of responsibility for the care of our bodies. Do not allow the machinery of the body to clog. Put the stomach and liver in proper condition. Take Dr. Pierce's Golden Medical Discovery, to be had at most drug stores in tablet or liquid form, tablets sixty-cents a vial, composed of native herbs. This puts the stomach and liver in proper condition. You may be plodding along, no spring, no elasticity, no vim, but as soon as you have put the body into its normal physical condition—oiled the machinery, as it were—you will find new vim, vigor and vitality within you. A little "pep," and we laugh and live. Try it now. Send Dr. Pierce, Buffalo, N. Y., 10c. for trial package. A little energy will save the day. The prime necessity of life is health. With spirit and energy you have the power to force yourself into action. The Golden Medical Discovery is the spring tonic which you need.

RED CROSS WOOL FUND ENRICHED \$125 WORTH

Great Crowd Attracted to Chicken Supper Tuesday Evening at Westminster

WESTMINSTER, May 10. — The crowds of people coming for miles around did full justice to the delicious chicken supper, given at the Odd Fellows' hall on Tuesday evening and made a splendid success of the efforts of the local Red Cross to raise funds to buy yarn to knit for the soldiers.

There was a larger attendance than was expected and the chicken gave out, so a trip was made to Garden Grove for Liberty steak. Candy and flowers were sold during the evening and several cakes were auctioned off at the close. Including sixteen membership fees, it is thought when all is in, the total receipts will amount to \$125, which is highly satisfactory to the workers.

Judge Thomas of Santa Ana, with one of his matchless addresses after supper, held the rapt attention of the large audience for more than an hour on the subject of the great war.

If there was a pro-German there he did not make it known and must have felt as the old saying has it, "like crawling into a hole and pulling the hole in after him," after the judge's vigorous arraignment.

School Thrift Stamp Drive

The school is having a Thrift Stamp drive this week with the prize of a war savings stamp to the one making the largest sale. Up to Wednesday about \$75 worth of Thrift and war stamps had been sold and the children are very enthusiastic over the contest.

Mrs. McClintock Visits

Mrs. J. A. McClintock of Santa Ana, who has been visiting her son, Clarence McClintock, in a Texas camp, and with friends in Iowa, returned by way of Oakland, reaching Los Angeles Sunday morning, where she was met by her son, Neal. On the way to their home they called at the home of another son, P. McClintock, of this place.

Visits in Orange

Mrs. J. J. Stoves spent Wednesday in Orange at the home of her sister, Mrs. J. Q. Johnson, where there was an all day meeting of the Woman's Missionary Society of the Baptist church going over from Garden Grove. Mrs. Stoves took her over and spent the day posting notices of the sale of his dairy cows soon to take place.

Sunday Supper Guests

Mr. and Mrs. J. O. Newby of Riverside and Mr. and Mrs. Eugene Edwards were guests at supper Sunday evening at the home of Mr. and Mrs. W. J. Edwards. Mr. and Mrs. Newby remained over night and in company with Mr. and Mrs. Edwards attended the funeral at Santa Ana of Mrs. Sally Nicholson, who lived at Bolsa when she was Miss Sally Morrell. She died at Blythe, Cal., and the body was brought to Santa Ana

Sunday Is Mother's Day; Send Her a Remembrance

Sunday has been officially announced as Mothers' Day and everybody is asked to remember mother on that day and send her a flower, a card or a tender gift of some kind if she is living, and to think tenderly of her if she has passed to the land where there is no more sorrow or care.

As Joaquin Miller has so beautifully written in his great poem, "The Mothers of Men," the bravest battle that ever is fought is fought by the mothers of men, as she bravely and silently bears her part. She is the heroine who stays at home to do her portion in the world's great affairs.

Hundreds of snowy white and spicy carnations will be used on Sunday to pay homage to mother. All of the soldiers at Camp Kearney will be supplied with blossoms from this city.

McKinley, the martyred President, was the originator of the beautiful custom of wearing carnations on Mothers' Day.

Merchants of this city have gifts that mother will appreciate. Among these are lovely cards with sentiments appropriate to the day.

Gen. John J. Pershing has issued the following order to all units of the American Expeditionary forces in France:

"May 8—To all commanding officers: I wish every officer and soldier in the American Expeditionary forces would write a letter home on Mothers' Day. This is a little thing for each one to do, but these letters will carry back our courage and our affection to the patriotic women whose love and prayers inspire us and cheer us on to victory."

for interment in Fairhaven cemetery. Penhall to New York

Word was received at his home here that Raymond Penhall left San Pedro for New York last Saturday. He had expected to make a visit home first, but this is wartime and orders are orders. He is in the naval reserves.

Return From Fishing Trip

Mr. and Mrs. R. E. Larter returned Friday from Trabuca where they went in company with Mr. and Mrs. T. J. Lewis of Santa Ana. They had a fine trip and good success fishing, both Mr. Larter and Mr. Lewis catching the limit of fifty on opening day. Mr. Larter caught thirty-five the morning he started home.

Missionary Meeting

The Woman's Missionary Society of the Presbyterian church held its monthly meeting Wednesday afternoon. The subjects studied were "Latin America for the Foreign and Mexican Missions in Southern California for the Home Subject. It is hoped the society will be able to secure Miss Leila Quimby of the Columbia mission, to address a Sunday evening service some time this month.

Westminster Personals

Charles Price, who sustained a sprained ankle last week, is getting along nicely and hopes to soon be able to do without his crutches.

Miss Luella Hazard of Santa Ana visited her grandmother, Mrs. B. A. Hazard, Thursday, returning home on Sunday.

Mrs. James Kerr and her niece,

THE MOTHERS OF MEN

The bravest battle that ever was fought!
Shall I tell you where and when?
On the map of the world you will find it not—
'Twas fought by the mothers of men.

Nay, not with cannon nor battle shot,
With sword or nobler pen!
Nay, not with eloquent words of thought
From the mouths of wondering men!

But deep in the walled-up woman's heart—
Of woman that would not yield,
But bravely, silently bore her part—
Lo, there is the battle field.

No marshaling troop, no bivouac song,
No banner to gleam or wave;
But oh! these battles they last so long—
From babyhood to the grave.

Yet faithful still as a bridge of stars
She fights in her walled-up town—
Fights on and on in the endless wars,
Then silent, unseen, goes down.

O spotless woman in a world of shame;
With splendid and silent scorn,
Go back to God as white as you came—
The kindest warrior born.

—Joaquin Miller.

What the Merchants Have to Offer You

TUSTIN JUNIORS MAKE HANDSOME DONATIONS TO RELIEF SHIP CARGO

TUSTIN, May 10.—The Tustin Junior Red Cross this week packed and delivered to the Santa Ana Chamber of Commerce the following articles to be sent from Southern California to France on the relief ship: 355 garments, 15 quilts, 2 knitted afghans and 14 pairs of shoes. The garments included articles of clothing for men, women and children, donated ready to wear. A great many had been repaired and made over from garments not in condition to use, and a large number of new garments made from pieces of material donated by different persons, and from flour sacks donated by the Olive Mills.

Some of these garments were made by the fifth and sixth grade pupils in their regular sewing classes, and after school, under the direction of their grandmothers. Some were made in the Junior Red Cross work rooms and others by women who found it more convenient to sew at home.

The Red Cross rooms in the basement of the school house are to be put in better condition for work, and more workers can be used every Thursday afternoon. Work will be given out to do at home to anyone who will call for it on Thursday afternoons. The following donations are solicited: Clothing of all kinds, pieces of material suitable for children's dresses or aprons, shoes in wearable condition or which can be repaired, small pieces of cotton or woolen material suitable for quilt blocks, scraps of wool yarn or old knitted sweaters, shawls, etc., which can be unravelled out and knitted into squares for baby blankets.

The boys and girls are all knitting and can use a large amount of yarn. These donations may be sent to school by the children or left in the Junior Red Cross work room in the basement of the school house.

Many of the boys and girls might be specially mentioned for the splendid work they are doing. Glen Fuller, a little boy who gets about very adroitly on crutches, has been a most enthusiastic knitter and sewer, piecing and putting together a quilt himself with a little help in lining the quilt, besides numerous knitted squares for woolen quilts.

There is plenty of work for all women who can come on Thursday afternoon to the Junior Red Cross room, either regularly or occasionally. The Tustin surgical dressing classes on Tuesday and Wednesday have held their regular meetings the past two weeks. The Tuesday class finished 1175 dressings and the Wednesday class 1150.

There will probably not be material for work next week. Notice has been given that in about two weeks there will be plenty of gauze and it will be received regularly after that time.

Return to Camp Kearney
TUSTIN, May 10.—Corporal Wm. Burge returned Tuesday to Camp Kearney after a short illness at home. He was accompanied by his father and mother, Mr. and Mrs. E. D. Burge and Mrs. Jasper Leck. The party was taken down by Mr. Burge in his comfortable closed car.

MOTHER GAVE THIS DELICATE CHILD VINOL

And He Got Well and Strong,
That's True

Monaca, Pa.—"My little boy, who is the youngest of three, was weak, nervous and tired all the time, so he was most unfit at school, and nothing seemed to help him. I learned of Vinol and gave it to him. It has restored his health and strength and he has gained in weight."—Mrs. Frederick Sommers, Monaca, Pa.

Vinol is a constitutional cod liver and iron remedy for delicate, weak, ailing children. Formula on every bottle, so you know what you are giving them. Children love it.

TWO GIRLS, ONE BOY ARRIVE AT TUSTIN

TUSTIN, May 10.—The past week has seen the arrival of three new residents in Tustin. A nine-pound boy was born to Mr. and Mrs. Dale Crawford last Thursday, May 2, and two girls came to gladden local homes. A ten-pound girl on Sunday, May 5, to Mr. and Mrs. George Williams, and a 12-pound girl on Friday, May 3, to Mr. and Mrs. R. W. Gillespie.

LITERATURE SECTION AT THE LEWIS HOME

TUSTIN, May 10.—The regular meeting of the Tustin Literature Section was held Tuesday afternoon at the home of Mrs. Harry Lewis. Mrs. Lewis' devotion and attention to flowers resulted in a wonderful display of blossoms of various kinds which add to the pleasure of a visit to her home. The house was fragrant with roses, carnations and sweet peas.

Miss Minnie C. Childs had charge of the program for the afternoon, which was a study on Rabindranath Tagore. In an interesting talk Miss Childs gave his history from childhood, reading extracts from his essays, poems, short stories and books. The distinctive features of "The Gardener" and "Sadana" were given. Tagore suffered a great deal from mistaken teachers in his young student days and ever after had great sympathy for boy pupils. He founded a school for boys with out-of-door and self-government features.

The business before the meeting was arranging the program for next year. The next meeting will be the last before the summer vacation.

A social hour followed the program, during which the hostess served dainty refreshments.

THINKS VILLAGE WAS FORGOTTEN BEFORE ARK

TUSTIN, May 10.—Recently letters have been received from George and Norman Christensen, "somewhere in France." They see each other occasionally. The letters are censored, of course, and all reference as to what they are actually doing is left out. However, George says he is billeted in a little village that he thinks "was forgotten before Noah went into the ark." He wished California could have some of the rain they are getting. There are six boys stationed in a room 20 by 25. He thinks it might be a lot worse.

Norman, who was in the bee business before leaving home, is interested in the way they make honey over there, but has had little time for inquiries, as they are busy from 6 in the morning till 6:30 in the evening.

MOTHERS' DAY

One of the noblest of all day's is Mother's day. The very word "Mother" is enchanting. It brings to mind a thousand loving thoughts, a wealth of that feeling which purifies the mind and soul. To pay a tribute to Mother in one all-embracing National Day is only fitting and just.

We ought to do it daily, but if that be not possible join Sunday with those who will attempt to express that regard which only Mother deserves. Of the many ways to bestow your affection for Mother will be the giving of one or more gifts. This year let your gifts convey not only your sentiments but let them prove a lasting benefit and blessing to her. Let the articles, advertised below, be a guide to your choosing of a fitting gift to Mother—on Her day.

Mother will appreciate Flowers

A Fragrant Thought of Your Love

Sentiment plays a wonderful part in the life of every human. It plays the largest part in the lives of mothers. To them it is that little which makes life worth while.

The gift of flowers expresses sentiment in a way hardly anything else can equal.

Yes—give Mother flowers on her day—Sunday.

Mother Loves a Good Book

Here Is a List of "Mother" Books Selected By a Mother

Without wishing to be impertinent, may we ask—when did you last buy Mother a good book?

Mothers love good books. They are always a pleasure to them and often a great comfort. Take home a book to Mother.

To make it possible for every mother to have a new book Sunday we have selected the following list, every book to sell at

65c

Adventures In Contentment	By David Grayson
Mother	By Kathleen Norris
God's Country and the Woman	By James Oliver Curwood
Heart Throbs	A collection of beautiful poems

She Will Long Be Grateful for a Picture

Send Mother your Photo

A photo always gladdens the heart of Mother. Often when she is alone she will dwell pleasantly over a picture. It need not necessarily be a photo of her boy at the front. She takes great pride also in pictures of a husband, daughter and especially grandchildren.
